

## Federal Reserve System

## § 211.45

shall be in accordance with the principles set forth in the "Instructions to the Bank Holding Company Financial Supplement to Report F.R. Y-6" (Form F.R. Y-9). Edge and Agreement corporations engaged in banking shall report in accordance with instructions for preparation of the Report of Condition for Edge and Agreement Corporations (Form F.R. 2886b).

(4) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the Allowance for Possible Loan Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset. However, the Allowance for Possible Loan Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institutions's loan portfolio.

(5) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the Board or, at any time, by writing down such amount of the international asset for which the ATRR was established.

### §211.44 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (Title IX, Pub. L. 98-181, 97 Stat. 1153) (ILSA), a banking institution shall submit to the Board, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA, a banking institution shall submit to the Board information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the Board on request.

(b) *Procedures.* The format, content and reporting and filing dates of the re-

ports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the agencies may include changes to existing reporting forms (such as the Country exposure Report, form FFIEC No. 009) or such other requirements as the agencies deem appropriate. The agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this rule shall preclude the Board from requiring from a banking institution such additional or more frequent information on the institution's holding of international assets as the Board may consider necessary.

[49 FR 5587, Feb. 13, 1984]

### §211.45 Accounting for fees on international loans.

(a) *Restrictions on fees for restructured international loans.* No banking institution shall charge any fee in connection with a restructured international loan unless all fees exceeding the banking institution's administrative costs, as described in paragraph (c)(2) of this section, are deferred and recognized over the term of the loan as an interest yield adjustment.

(b) *Amortizing fees.* Except as otherwise provided by this section, fees received on international loans shall be deferred and amortized over the term of the loan. The interest method should be used during the loan period to recognize the deferred fee revenue in relation to the outstanding loan balance. If it is not practicable to apply the interest method during the loan period, the straight-line method shall be used.

(c) *Accounting treatment of international loan or syndication administrative costs and corresponding fees.* (1) Administrative costs of originating, restructuring or syndicating an international loan shall be expensed as incurred. A portion of the fee income equal to the banking institution's administrative costs may be recognized as income in the same period such costs are expensed.

(2) The administrative costs of originating, restructuring, or syndicating an international loan include those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function and, where applicable, the syndication function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.

(d) *Fees received by managing banking institutions in an international syndicated loan.* Fees received on international syndicated loans representing an adjustment of the yield on the loan shall be recognized over the loan period using the interest method. If the interest yield portion of a fee received on an international syndicated loan by a managing banking institution is unstated or differs materially from the pro rata portion of fees paid other participants in the syndication, an amount necessary for an interest yield adjustment shall be recognized. This amount shall at least be equivalent (on a pro rata basis) to the largest fee received by a loan participant in the syndication that is not a managing banking institution. The remaining portion of the syndication fee may be recognized as income at the loan closing date to the extent that it is identified and documented as compensation for services in arranging the loan. Such documentation shall include the loan agreement. Otherwise, the fee shall be deemed an adjustment of yield.

(e) *Loan commitment fees.* (1) Fees which are based upon the unfunded portion of a credit for the period until it is drawn and represent compensation for a binding commitment to provide funds or for rendering a service in issuing the commitment shall be recognized as income over the term of the commitment period using the straight-line method of amortization. Such fees for revolving credit arrangements, where the fees are received periodically in arrears and are based on the amount of the unused

loan commitment, may be recognized as income when received provided the income result would not be materially different.

(2) If it is not practicable to separate the commitment portion from other components of the fee, the entire fee shall be amortized over the term of the combined commitment and expected loan period. The straight-line method of amortization should be used during the commitment period to recognize the fee revenue. The interest method should be used during the loan period to recognize the remaining fee revenue in relation to the outstanding loan balance. If the loan is funded before the end of the commitment period, any unamortized commitment fees shall be recognized as revenue at that time.

(f) *Agency fees.* Fees paid to an agent banking institution for administrative services in an international syndicated loan shall be recognized at the time of the loan closing or as the service is performed, if later.

[49 FR 12197, Mar. 29, 1984]

#### INTERPRETATIONS

#### **§211.601 Status of certain offices for purposes of the International Banking Act restrictions on interstate banking operations.**

The Board has considered the question of whether a foreign bank's California office that may accept deposits from certain foreign sources (e.g., a United States citizen residing abroad) is a branch or an agency for the purposes of the grandfather provisions of section 5 of the International Banking Act of 1978 (12 U.S.C. 3103(b)). The question has arisen as a result of the definitions in the International Banking Act of *branch* and *agency*, and the limited deposit-taking capabilities of certain California offices of foreign banks.

The International Banking Act defines *agency* as "any office \* \* \* at which deposits may not be accepted from citizens or residents of the United States," and defines *branch* as "any office \* \* \* of a foreign bank \* \* \* at which deposits are received" (12 U.S.C. 3101(1) and (3)). Offices of foreign banks in California prior to the International Banking Act were generally prohibited
